Re: Nez Perce Tribe's Comments on EPA's Draft Administrative Settlement and Order on Consent (ASAOC) and Statement of Work (SOW), Stibnite Mining District

Dear Chairman Wheeler:

Thank you for your November 5, 2020 letter and the comments provided by the Nez Perce on the proposed ASAOC and SOW sent to Midas Gold regarding the Stibnite Mining District. The U.S. Environmental Protection Agency's Office of Enforcement and Compliance Assurance provided you the proposed ASAOC on October 20, 2020 after the EPA's virtual face-to-face consultation with the Nez Perce Executive Committee on July 28, 2020.

The EPA is currently reviewing and considering the comments we have received on the proposed ASAOC and SOW. As I noted in my October 9, 2020 letter, the EPA intends to regularly communicate with and receive input from the Tribe regarding the ASAOC, the associated Statement of Work, and subsequent work plans and will consider the Tribe's views throughout the negotiation, cleanup, and remining process.

Thank you again for your letter and your comments on the ASAOC and SOW.

Sincerely,

SUSAN
